Pinnaclife Animal Health to Attend NAVDF 2014

Coralville, IA, April 3rd, 2014—[Pinnaclife Animal Health](#) will be attending the 2014 North American Veterinary Dermatology Forum held in Phoenix, AZ. The conference will be held April 10th – 12th at the Sheraton Phoenix Downtown Hotel. Pinnaclife Animal Health is owned by its parent company McCord Research, Inc., both founded by Darlene McCord, Ph.D., FAPWCA.

Visit Pinnaclife Animal Health at booth #17 to try a sample of our revolutionary [Wound Shield](#) product!

NAVDF Tradeshow Schedule:

Thursday, April 10th 8:30 am - 4:00 pm

Friday, April 11th 8:30 am - 4:00 pm

Saturday, April 12th 8:30 am - 4:00 pm

Pinnaclife Animal Health products are based upon the number one selling brand of hospital-based skin and wound care products. For more than a decade this Olivamine® based product line has outpaced all other skin and wound care products. Both the human and animal care products were developed by the well-known biochemist, [Dr. Darlene McCord](#). Dr. McCord is an internationally renowned leader in skin and wound care product development. Each animal care product was further tested by two leading veterinary dermatologists Craig Griffin, DVM, ACVD and Wayne Rosenkrantz, DVM, ACVD. Together, Dr. McCord, Dr. Griffin and Dr. Rosenkrantz developed these products to meet the specific needs of veterinarians and their patients.

Pinnaclife Animal Health products are available for purchase through licensed veterinarians. Products are currently available through First Veterinary Supply, Grogan's Healthcare Supply, Merritt Veterinary Supplies, Midwest Veterinary Supply, NEVSCo, and Victor Medical Company. Visit <http://www.pinnaclifeanimalhealth.com/distributor> for more information.
